

## WASHINGTON RULED BY GIRL GRADUATES

The President, Officials, and Legislators Leave Desk for Rostrum.

### TAFT WILL SPEAK AT TRINITY COLLEGE

Apostolic Delegate to Confer Degrees at Exercises This Afternoon. Programs at Other Schools.

The National Capital today is wholly under the sway of the sweet girl graduate, who is queen of every June. Roses and peonies bloom for her. Adoring friends, relatives, and raw youths pay tribute to her. Members of Congress, even President Taft himself, and other men high in public life, find time to lay aside the duties of state in order to admire her. And the interest of the audience centers not in the advisory words which some statesman delivers for her benefit but in the graduating essay, with its ideals and enthusiasms couched in faultless rhetoric. The boy graduate, too, is here, with his proud father and mother, his determination and his ambitions.

President William Howard Taft is expected to deliver the address to the graduating class of Trinity College this afternoon, when Most Rev. Diomedes Falconio, apostolic delegate, will confer degrees upon twenty-three students. The stage will be decorated with white peonies, roses, and ferns, carrying out the class colors of white and green, and in honor of President Taft flags will also be used in decorating. The annual meeting of the alumni of Trinity College was held this morning at 10:30 o'clock.

**Class Day Program.**

The advisory board of the college met yesterday afternoon, and following the board meeting, class day exercises were held. The Misses Miller opened the program with an instrumental duet, Miss Clara Kennedy, president of the class, read an address, Miss Rose Finn was class historian, Miss Brady read the class essay, Miss Kerby the class poem, and Miss Meagher the class prophecy. The class songs, words written by Miss Sullivan and the music by Miss McKenough, closed the program.

With Monsignor Falconio presenting the diplomas, twelve girls yesterday were graduated from Holy Cross Academy. The exercises were held at the New National Theater, where the stage had been converted into a floral bower by the bouquets sent the young women. Those who received diplomas are:

Academic course—Elois Jean Brett, Ethel May Brown, Grace Cornelia Duke, Mary Christine Escher, Alice Margaret Hoover, Florence Marie MacCarthy, Katherine Conner McCarthy, Edna Frances May, Gertrude Loretto Murphy, Tannie Barbara Stinson, and Harriet Ward Swart.

Conservatory of music—Vivian, Miss Imogen Karmis.

Dr. Harvey W. Wiley, chief of the Bureau of Chemistry, delivered the address of the afternoon, where the stage women could do much for the betterment of their country. He urged them to conserve their health, and, above all things, to learn to cook. Living in the open and taking plenty of exercise were urged as a means to good health and usefulness.

Three young women, Miss Marjorie Merritt Lent, of New York; Miss Cecile Belle Shreve, of Pennsylvania, and Miss Mary Porter Earnshaw, of Washington, comprise this year's graduating class of Belmont Seminary. John Barrett, director of the International Bureau of American Republics, spoke to the class. He declared that students in Washington possessed an advantage over students in other parts of the country, in that they have the opportunity of sea-

ing in motion the machinery of one of the great governments in the world. He said that the American woman is a model for the nations of the earth, and admonished the graduates to be true to their trusts as models for the girls of other nations.

Dr. W. M. Barton made the address to the graduates of the Training School for Nurses at the Government Hospital for the Insane, the exercises of which were held last evening in Hitchcock Hall. Rev. John W. Schick delivered the invocation, and Rev. William G. Davenport pronounced the benediction.

Those who received diplomas are: Misses V. Lawrence, Maryland; Mabelle C. Jr., Virginia; Leslie J. Thrall, Maryland; Margaret E. Coffey, Maryland; Roy B. Holmes, District of Columbia; Mabel Duncan, Virginia; Winnifred Lawrence, Maryland; Ethel E. Saunders, Maryland; Bertie A. Foreacre, Maryland; Della McWilliams, Maryland; Bertha L. Hackley, Virginia; John K. Humphrey, Maryland; Eva A. Ball, Virginia; Sherman Redmond, Virginia; Annie L. James, Virginia; Jennie M. Reeder, District of Columbia.

Commencement exercises at the National Cathedral School closed this morning, when Bishop Alfred Harding presented the diplomas. A wealth of flowers decorated the stage, and the graduating day program was carried out before a large audience of the friends of the institution.

The class and flag day exercises of the senior class were held yesterday, when Miss Dorothea Rich was valedictorian of the class. Miss Rich was presented by Brig. Gen. John M. Wilson, U. S. A., retired, with the flag which is given annually to the student standing highest in her class. The tennis championship prize was awarded Miss Josephine Harvey.

At the business meeting, plans will be completed for the erection of the statue of Bishop Carroll, founder of the university, the collection of funds for which has been going on for the past year. Some provision will also be made for the advancement of athletics at the school.

### SALESGIRL SCHOOL STARTED IN BERLIN

BERLIN, June 1.—A school for the instruction of salesgirls in the treatment of customers was started in Berlin today. Later classes will be started for men clerks.

**WILL MEET TONIGHT.**

Central Council, National Union, will meet tonight at Schmidt's Hall.

### BIG SUMS OFFERED FOR CURES OF ECZEMA

Thousands Dollar Bounties Found Unnecessary.

Several cases have become known of persons in different parts of the country who have made standing offers of a thousand dollars each for some cure of treatment which would permanently cure them of eczema. The offers were made when, at a comparatively trifling expense, these persons experienced complete cures through the use of posham, the new skin remedy, which is sold for 50 cents by all good druggists, particularly Ogram's, O'Donnell's, the People's Drug Store, and Atkes's, as well as other reliable drug stores.

Posham is daily giving evidence of its remarkable healing properties in curing the worst cases of eczema and radiating facial and other disfigurements of years' standing. All itching is stopped with first application. In minor affections, such as pimples, rash, herpes, barber's itch, etc., results show after an overnight application, only a small quantity being required.

No one is asked to purchase posham without first obtaining one of the free trial packages, which will be sent by mail to any one who will write direct to the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

## FETE FOR HOSPITAL WILL OPEN TODAY

Benefit for Georgetown Institution to Continue Until Saturday.

The annual lawn fete for the benefit of the Georgetown University Hospital opens this afternoon at 5 o'clock and will continue tomorrow and Friday. Unlike the other fetes which have been held for the hospital the one this year will be conducted both in the afternoon and evening.

The grounds have been decorated with Georgetown University colors and during the evening will be illuminated with hundreds of small electric lights. Another new feature of the fete this year will be the music, which will be furnished by a section of the Fort Myer Band.

Tomorrow evening will be devoted especially to the physicians of Washington.

### HIGH SCHOOL GIRL TAKES LONG WALKS

BOSTON, June 1.—Miss Mildred R. Belknap, a fourteen-year-old Litchfield high school girl, has accomplished the feat undertaken by Miss Eleanor Sears in California by walking 108 miles in fifty-two hours. She is 4 feet 7½ inches in height, and weighs seventy-one pounds. She believes she is the champion long distance schoolgirl in the United States.

Accompanied by her father, Miss Belknap walked to Walpole and returned Saturday, to Hull and return yesterday, and to Medway and return yesterday. She is an expert in many lines of athletics, and took to walking through her parents, both of whom are accomplished pedestrians.
